Percutaneous Tracheostomy Introducer Set

COOK[®]

The Ciaglia Blue Rhino® -
the ultimate refinement
of the Percutaneous
Tracheostomy technique

Ciaglia
BLUE RHINO[®]
Percutaneous Tracheostomy Introducer Set

Less Traumatic

Dr. Pasquale Ciaglia, MD FACS, a pioneer in percutaneous dilatational tracheostomy, has worked with Cook to create a further refinement of the percutaneous technique – a single dilator with a remarkably flexible tip, resulting in a simpler, less traumatic patient care.

Single Pass

With its soft, pliant tip, and curved contours the Ciaglia **Blue Rhino**[®] dilator can be advanced over a guiding catheter to create a tracheostomy opening in just one pass.

Hydrophilic Coating

The **Blue Rhino**'s slippery hydrophilic coating and tapered profile eliminate the need for multiple passes with increasingly larger dilators. The procedure is quicker and may decrease the risk of tracheal wall trauma.

Cost-Effective

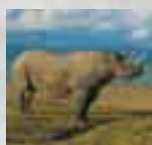

The **Blue Rhino** is also cost-effective because it can be used in a bedside procedure, avoiding operating room expenses.

Rigid or Soft Loading Dilators

The Ciaglia **Blue Rhino**[®] is now available with the options to have rigid or soft loading dilators in the sets. In this way there is an extra choice for each case.

Soft loading dilators enhance the fit especially for rigid tracheostomy tubes.

The rigid loading dilators offer more support during the introduction of softer tracheostomy tubes.

Introduction

Ciaglia
BLUE RHINO®
Percutaneous Tracheostomy Introducer Set

Sets

SETS INCLUDE:

- 15 gage catheter introducer needle, 7 cm long
- .052 inch (1.32 mm) diameter wire guide with positioning marks, 55 cm long with 3 cm Safe-T-J® tip
- 8.0 French guiding catheter, 29 cm long tapered on both ends, safety ridge and positioning marks
- 14.0 French dilator, 4.5 cm long
- EZ-Pass® hydrophilically coated Blue Rhino dilator
- Loading dilators, 20 cm long
- Disposable syringe
- Disposable scalpel
- Lubricating jelly
- Gauze sponges

COOK®

**CIAGLIA PERCUTANEOUS TRACHEOSTOMY
INTRODUCER**

Sets

Our COOK® Ciaglia Percutaneous Tracheostomy Introducer sets have been engineered with the following features:

- Curved dilators to minimize trauma and ease positioning.
- Unique guiding catheters and wire guides to help reduce kinking.
- Safety ridge and wire guide markings to assure proper positioning.

CIAGLIA BLUE RHINO® PERCUTANEOUS TRACHEOSTOMY INTRODUCER SETS

with EZ-Pass® Hydrophilic Coating

Rigid Loading Dilators:

Sets

C-PTIS-200-WCE-HC

- 21.0, 24.0, 28.0 French loading dilators

C-PTIS-200-WCE-1-HC

- 24.0, 28.0 French loading dilators

C-PTIS-200-WCE-3-HC

- 18.0, 21.0, 24.0 French loading dilators

Soft Loading Dilators:

Sets

C-PTIS-100-WCE-HC

- 21.0, 24.0, 28.0 French soft loading dilators

C-PTIS-100-TC7.0-WCE-HC

- 27.0 French soft loading dilator

With Traceo® Twist low pressure Cuffed Tracheostomy Tubes:

Sets

C-PTIS-100-T-6.0-WCE-HC

- 24.0 French soft loading dilator
- 6 mm ID tracheostomy tube

C-PTIS-100-T-7.0-WCE-HC

- 27.0 French soft loading dilator
- 7 mm ID tracheostomy tube

C-PTIS-100-T-8.0-WCE-HC

- 30.0 French soft loading dilator
- 8 mm ID tracheostomy tube

With Traceo® Twist fenestrated low pressure Cuffed Tracheostomy Tubes:

Sets

C-PTIS-100-TF-6.0-WCE-HC

- 24.0 French soft loading dilator
- 6 mm ID fenestrated tracheostomy tube

C-PTIS-100-TF-7.0-WCE-HC

- 27.0 French soft loading dilator
- 7 mm ID fenestrated tracheostomy tube

C-PTIS-100-TF-8.0-WCE-HC

- 30.0 French soft loading dilator
- 8 mm ID fenestrated tracheostomy tube
